

ST. GABRIEL'S NOTES

16th August 2020

Keeping Us All Safe from Covid-19

Full Capacity in St. Gabriel's is 140

We are reaching full capacity almost every week now at the 5pm Vigil Mass and the 10.30 Sunday Mass and we need your help.

There is usually plenty of room at the Sunday 6pm Mass, and on every weekday.

As the numbers keep growing, perhaps you would consider changing to Sunday Evening or a Weekday Mass, even occasionally, say every second week or once a month, and keep Sunday free for those who cannot come during the week.

We want to welcome everyone - We don't want to put out "Church Full" signs, But we do have to follow the regulations and control numbers.

Every Mass is broadcast live on our webcam

on www.stgabrielsparish.ie or Google [mcnmedia dublin](https://www.youtube.com/channel/UCmCnMediaDublin).

The webcam is left on 24/7 and you may like to use the image of our altar during your private prayer at home.

Holy Communion is distributed

by one of the priests at 12 noon every Sunday,
and you could avail of this if not coming to Mass that day.

We are very grateful to everyone for following the regulations, maintaining social distancing and using hand sanitisers and wet wipes. From this week, face coverings are mandatory, so please remember to bring your face mask with you. Grateful thanks too, as always, to our wonderful stewards, all members of Clontarf GAA club, who ensure we are all kept safe.

Thank you for your co-operation!

Fr. Pat
