

Repealing the 8th Amendment in such circumstances means that the rights of the unborn would definitively be left without Constitutional protection. It would be a point of no return. I ask you to reflect on that.

It seems incongruous that, just as medical science allows us to understand much more about the evolution of the baby in the womb and his or her originality and unique identity, that we should simply throw out all Constitutional protection of the unborn child. For that reason I will be voting No.

I ask the Catholic community in the Archdiocese of Dublin to join in moments of prayer in the coming days in each parish. I ask you to invoke the Spirit of Jesus to touch hearts and commit our society to be pro-life in defending the lives of unborn children and in supporting women and men in the challenges they meet in accepting the joy of parenthood.
